

Eco-\$mart 160SF Workforce / Homeless Transition Housing Unit ECO160

Delivered kit unfolds and bolts together in one day - Cabinetry, flooring and appliances are included
All steel construction, no wood, highly insulated - All electrical, plumbing is pre-installed in the walls and floor
Healthy bamboo fiber wall board instead of drywall - 185mph wind rated - Grade 9 seismic rated
Class 3 fire rated - Sound proofing > 60 dB - Life expectancy: 100 years

Full bathroom, shower and kitchen - Sofa converts to bed, or Murphy bed available.

Units can be joined together for double size (320SF). Central facility buildings using the same one-day unfolding system are available for use by the "Village" of small workforce homes.
